

COVID-19 Communications, Policy, Partnership and Program Implementation Support for Center for Disease Control and Prevention (CDC).

North Coast Communications LLC, as a subcontractor to The Bizzell Group, supported the CDC Division of Global Health Protection serving the CDC's COVID-19 response and International Task Force.

North Coast Communications' responsibilities included:

- Tracking and authoring global policy updates to the COVID-19 situation report, a daily written briefing for then-CDC Director Rochelle Walensky and International Task Force leadership.
- Reviewing and analyzing reporting from US diplomatic missions abroad.
- Developing a standard operating procedure for the global policy briefing update and training colleagues in best practices.
- Drafting talking points and background bullets for briefing incoming U.S. ambassadors and diplomatic mission chiefs.
- Providing verbal and written updates in support of bi-monthly Country Support Team to CDC staff in U.S. missions.
- Monitoring and summarizing think tank events and Congressional committee meetings.
